

# Australian Tactiles & Braille

## Product Data Sheet

Solid Brass Tactile Indicator

At ATB, our tactile indicators are machined from a single piece of brass. This ensures the highest quality product on the market and can give you confidence in its longevity and durability.

The brass tactile indicators have been tested in a NATA Qualified Laboratory resulting in a P5 slip resistance rating.

Luminance testing can be carried out upon request.

**Complies with AS 1428.1**
